Nick

I found this helpful.

What happens in the end I you got the shot an it was all good. It's a very good chance it will be. As you said most are getting the variant who have not gotten the shot. I believe because of the kind of man you are an your charter getting the vaccine would not impede you. As one who has worked with college for 20 years I desire to have you so much at WSU. Your a game changer! Peace.

I read this this morning regarding temptation..."Keep in mind, temptation itself is not a sin. Being tempted is not the same as sinning. Sinning is when you yield to the temptation. Satan uses temptation to move us away from the will of God. He offers the down payment of pleasure, numbing pain, or distraction so that he can come back later for full payment with interest.

good conscience is another fundamental element of Christian moral teaching. "Conscience is a judgment of reason by which the human person recognizes the moral quality of a concrete act" (CCC, no. 1796). "Man has in his heart a law inscribed by God. . . . His conscience is man's most secret core, and his sanctuary" (GS, no. 16).

B

rothers and sisters:

Christ Jesus, though he was in the form of God,  
did not regard equality with God something to be grasped.

Rather, he emptied himself,  
taking the form of a slave,  
coming in human likeness;  
and found human in appearance,  
he humbled himself,  
becoming obedient to death,  
even death on a cross.

Because of this, God greatly exalted him  
and bestowed on him the name  
that is above every name,  
that at the name of Jesus  
every knee should bend,  
of those in heaven and on earth and under the earth,  
and every tongue confess that  
Jesus Christ is Lord,  
to the glory of God the Father.

Church is concerned with dignity of each human being.

Each person has inherent freedom...the gift of free will from God.  
That's the heart of all morality.

Vatican note here on vaccines need to be voluntary....paragraph 5. But  
there comes with that freedom obligations...to take steps to protect  
others and the common good. With every right comes a responsibility .

Example of abortion. Mother has freedom...but when she bears a child,  
The baby has a right to life...mother has obligations to preserve that  
life. Freedom is not exclusive.

Back to vaccines...coach has freedom to say no vaccine...that's ok. But  
he then should be required to take all measures to reduce risk of  
spreading virus...mask, testing etc.

That's the perfect world...but we don't live in a perfect world. The state  
upholds abortion, violating the freedom of the baby. The state also has  
many laws that violate one's freedom to some degree. Some are moral  
(traffic laws) some are not ....abortion....death penalty...other  
examples. And vaccine mandate could be said to fall in that category.

Church complies with laws...just and unjust, but one's freedom of  
conscience also comes into play....

Bottom line: call them to think deeply about the issues...learn the  
teaching....know that Christ is present....avoid the spin, bitterness etc of  
the debate.
